It is a matter of immense pride and honour for the West Bengal State Chapter of the Indian Society for Study of Pain (ISSP) to welcome you to the 41st Annual National Conference – ISSPCON 2027 – in the vibrant city of Kolkata.

In 2027, baton of pain medicine excellence travels to the cultural capital of India. Kolkata, with its deep-rooted history in medical education and its legendary hospitality, provides the perfect backdrop for our collective quest: "Working together for pain free India."

ISSPCON has consistently served as a premier academic platform that brings together clinicians, researchers, academicians, and allied health professionals dedicated to advancing the science and practice of pain medicine. The 2027 edition continues this proud legacy by fostering meaningful dialogue, sharing cutting-edge science, skill enhancement and encouraging multidisciplinary collaboration aimed at improving pain care and patient outcomes.

This conference has been thoughtfully designed to offer a rich scientific program featuring distinguished national and international faculty, interactive sessions, workshops, and panel discussions that address both emerging innovations and practical challenges in pain management. Beyond academics, ISSPCON 2027 also provides an opportunity to reconnect with colleagues, build new professional relationships, and celebrate our shared commitment to alleviating pain and suffering.

We hope your experience at ISSPCON 2027 at Kolkata will be intellectually rewarding, professionally enriching, and personally memorable.
